ABOUT SECURE PARKING

Our involvement in car parking began 40 years ago and since that time we have identified an opportunity to develop a fresh and more relevant approach to car parking that benefits all types of parking customers.

We offer a wide range of user-friendly parking facilities and strive continually to provide the highest levels of customer service at every location, ensuring every experience you have with Secure Parking is a great one. Achieving this has been one of the key factors in making Secure Parking the largest Australian-owned car park operator in the country.

With more than 170 Secure Parking car parks throughout Australia and an innovative range of parking products to choose from, Secure Parking has a convenient parking solution for you.

Our promise is simple. With Secure Parking, you'll have "No Parking Worries".

ONE CARD

Every Secure Advantage Parker card is unique. It can be tailored to include your driver's name, card number, expiry date and signature, for quick and simple identification.

When parking with the Secure Advantage Parker card, you simply present your personalised card upon exit. It is swiped and then authorised by you and the invoice is sent to you at the end of the month for fast and easy payment.

We'll arrange for a direct debit from your credit card every month to make payments even easier.

100s OF CAR PARKS

As we offer more than 100 Secure Parking car parks nationally that accept Advantage Parker cards*, you will always find a convenient and safe place to park, no matter where you're headed.

To find a complete list of Secure Parking locations, simply visit www.secureparking.com.au then click on "Find Parking" and follow the prompts to find the nearest Secure Parking car park to your destination.

All the information you need is available online, including car park hours and rates, services available and special parking conditions for any of our car parks.

Then, when you visit, Secure Advantage Parker makes it even easier. There's no fumbling for cash and no need to bother with expense claims or queries over parking accounts.

FULL SECURITY AND FLEXIBILITY

You must present the Advantage Parker card and have it verified to use the Advantage Parker system. Additionally, the card offers you greater flexibility, with more than 5000 individualised cards available on one account.

*Secure Advantage Parker card is not accepted at all Secure Parking car parks. To verify that your preferred Secure Parking car park accepts Secure Advantage Parker, please visit www.secureparking.com.au and use the "Find Parking" tool and look for the "AP" symbol under "Car Park Services" of your preferred car park.

ONE BILL

One monthly invoice simplifies fleet administration.

Each invoice statement includes the driver's parking history for the month, including car park location, date and parking charge. Not only does this allow for the easy tracking of expenses, it also allows your company to reconcile fleet charges with personnel movements. You can also use the invoices to track your staff's movements, so you can ensure they are managing their time effectively.

In all, Secure Advantage Parker really simplifies auditing and makes tracking extremely straightforward.

advantage parker simplifies the parking process

Individuals and businesses right across Australia are enjoying the simplicity and convenience that the Advantage Parker program has brought to them.

Corporate Express Australia provides office supplies and equipment to businesses across Australia.

"Our employees use Advantage Parker cards in Brisbane, saving them the cost and hassle of having to pay for parking every time they park. We get one account at the end of each month, detailing all the charges, and this saves a huge amount of time and paperwork. With our motto 'a better way to do business', it's fitting that Corporate Express use Secure Advantage Parker."

– Sue Drice, Queensland Finance Manager

NEC Business Solutions Ltd

NEC has been designing world-class communication solutions in Australia since 1969. In NSW, NEC has selected Secure Parking as its exclusive parking supplier – to streamline spending and draw the maximum benefit from its Advantage Parker account. This is the front of a national push for NEC.

"We provide Advantage Parker cards to our staff because it saves paperwork, consolidates our spending and makes it easy to track where our expenses are going. Secure Parking ensures that we can always talk to a team of people who understand our business."

– Brian Lucas, Procurement
